

Setting up Application Environment

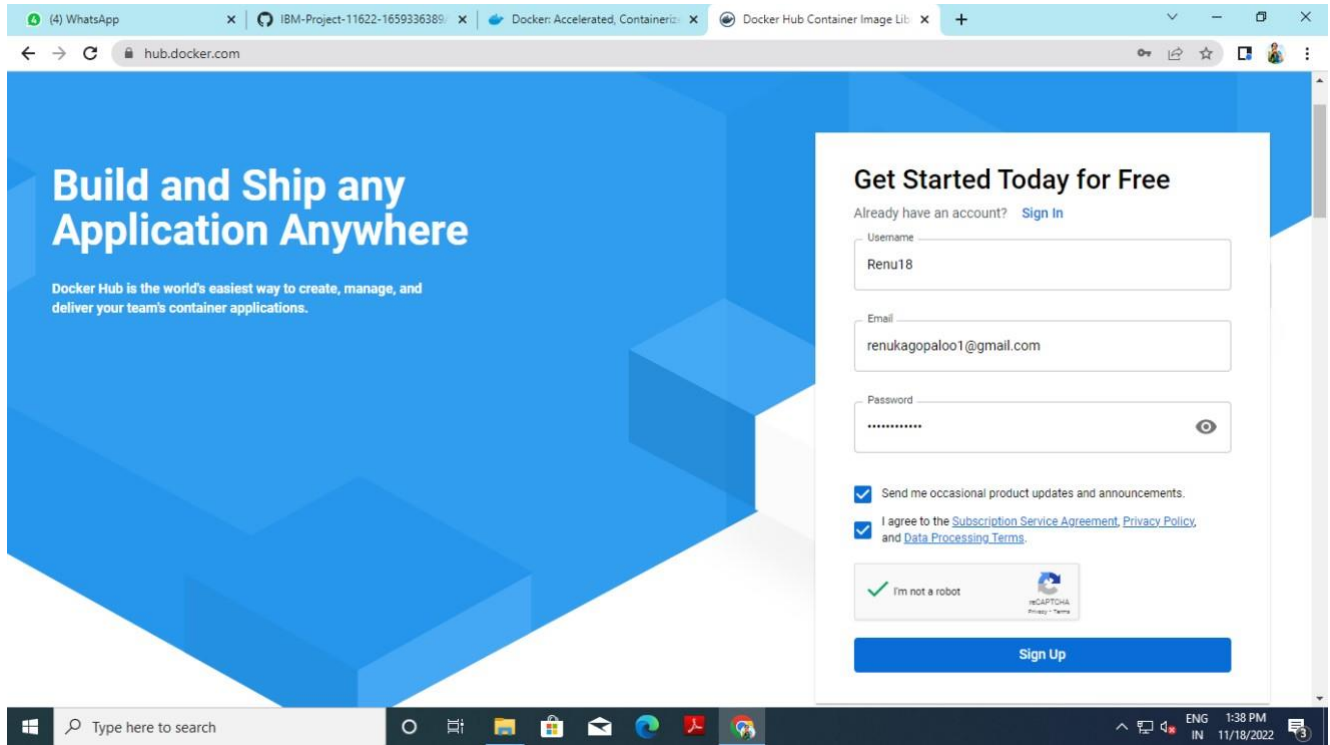

Docker CLI installation

Date	19 November 2022
Team Id	PNT2022TMID30065
Project Name	Skill/Job Recommender Application

Step 1. Download Docker from docker.com and install it by running the Docker Desktop Installer.exe file.

Step 2. Go to hub.docker.com register and create an account and login with the same

The screenshot shows a web browser window with the URL hub.docker.com. The page features a large blue header with the text "Build and Ship any Application Anywhere" and a sub-header "Docker Hub is the world's easiest way to create, manage, and deliver your team's container applications." On the right side, there is a "Get Started Today for Free" registration form. The form includes fields for Username (filled with "Renu18"), Email (filled with "renukagopaloo1@gmail.com"), and Password (masked with dots). Below these fields are two checkboxes: "Send me occasional product updates and announcements." (checked) and "I agree to the [Subscription Service Agreement](#), [Privacy Policy](#), and [Data Processing Terms](#)." (checked). A reCAPTCHA "I'm not a robot" checkbox is also present. A blue "Sign Up" button is at the bottom of the form. The browser's taskbar at the bottom shows various application icons and the system clock indicating 1:38 PM on 11/18/2022.

Build and Ship any Application Anywhere

Docker Hub is the world's easiest way to create, manage, and deliver your team's container applications.
